Did you know...

✦ Young women are the fastest growing prison population in the United States.

✦ In 2000, 25% of girls arrested were younger than 13, 32% were 13-15 and 25% are 16-17.

Since 2001, Trace's Place has provided mentoring and personal development workshops through our signature program, My Sisters' Keeper. To continue meeting the growing needs in our community, *we have launched a major fund raising effort to expand services to include emergency and long-term housing.*
